

FOCAS DISCLAIMER

This publication is intended to inform and educate consumers and medical providers in general. The subject matter that is discussed encompasses many areas related to the Opioids use as well as specific disciplines that are associated or incorporated in the subject matter. Also, the subject matter continues to change and evolves, because of these reasons and others the readers are advised to consult with their own personnel for medical and or legal advice when appropriate.

The author has taken great care in researching and presenting the facts that are in this book. Every effort has been made to ensure that this book is free of error. Regardless of that, however, the author and publisher do not assume any responsibilities or liabilities for errors or omission. Also, all liabilities are disclaimed from using any or part of the information from this book.

For the references and recommended reading that are listed, every effort has been made to obtain and give credits for all the material that we use that required copyright release and even those that did not. If for any reason any content that appears in this book does not have the author's or publishers' permission, we apologized for the error of omission and asked that you, please contact us for corrective action.
