

Disclaimer For The Stress Book

This publication is intended to inform and educate the general public and medical providers. Therefore, the subject matter encompasses many areas related to stress. Also, the subject matter continues to change and evolve. Because of these reasons and others, readers are advised to consult with their personnel for medical, legal, or financial advice.

This book is intended for national and international publication. The laws of each country are different; hence the information provided may not necessarily reflect the readers' state or country. The author has taken great care in researching and presenting the facts in this book. Every effort has been made to ensure that this book is free of error. Regardless, the author and publisher do not assume any responsibilities or liabilities for errors or omissions. Also, all liabilities are disclaimed from using any or part of the information from this book.

For the suggested readings, references, and resources listed, every effort has been made to obtain and give credit for all the material we have used that required copyright release. If for any reason any content appears in this book that does not have the author's or publisher's permission, we apologize for the error of omission.
